

Welcome to Greece!

Beginning July 1, 2020, the Greek government has determined how the country will welcome travelers, carry out the necessary diagnostic screening and keep everyone safe throughout the season.

The Passenger Locator Form (PLF) is a key element in the planning. All travelers must complete their PLF until the day before entering the country, providing detailed information on their point of departure, the duration of previous stays in other countries, and the address of their stay while in Greece. In case of multiple stays, they are required to provide the address for the first 24 hours at least. One PLF should be submitted per family.

- Travelers will receive a confirmation email upon submission of the PLF.
- Travelers will receive the PLF with their unique Quick Response (QR) code on the day of their scheduled arrival in Greece (at midnight) and will be notified via email (the QR code will be provided in a link in the confirmation email).
- Travelers boarding or embarking on the previous day of the arrival will be allowed to do so upon showing the confirmation email, since they will receive their QR code during their flight or voyage.

The PLF can also be found on the Visit Greece app and at travel.gov.gr.

It is strongly recommended that all visitors download the Visit Greece app (GDPR compliant) for free, prior their arrival in Greece.

Dear ,

Thank you for completing the Passenger Locator Form before your trip to Greece. We appreciate your cooperation in this extraordinary circumstance. We are making every effort to accommodate your stay in Greece and keep you safe.

Beginning July 1, 2020, the Greek government has determined how the country will welcome travellers, carry out the necessary diagnostic screening, and keep everyone safe throughout the season.

Important: You will receive the PLF document with the QR code on the day of your scheduled arrival in Greece (at midnight). You will be notified again via email and this URL will be automatically updated. The PLF document is only valid with the QR code.
